

## منحة "جوجل" للأكاديميين

<https://research.google/outreach/past-programs/faculty-research-awards/?category=2015>

فاز أستاذ علم الحاسوب في جامعة بيرزيت د. مصطفى جرار بمنحة جوجل (Faculty Research Award) المخصصة لدعم الأبحاث العلمية المميزة في مجال اللسانيات الحاسوبية بقيمة خمسين ألف دولار، وذلك لدعم أبحاثه وإتاحة عدد ضخم من المعاجم العربية وتوحيدها في معجم موحد ومدمج ضمن منهجية جديدة ليتم نشره عبر بوابة إلكترونية قريباً. وأوضح د. جرار أن فكرة إنشاء معجم شامل وموحد جاءت لسد فجوة كبيرة في الموارد المعجمية والدلالية العربية على شبكة الإنترنت، مما أعاق التقدم العلمي والتقني في حوسبة اللغة العربية، وحدّ من دعم اللغة العربية في العديد من التطبيقات، حيث لم يتوفر للباحثين والمطورين مصادر لغوية مفتوحة يمكنهم استخدامها، هذا بالإضافة إلى قلة المصادر اللغوية للمتصفح العربي وحتى الأجنبي بشكل عام.

### Faculty research awards program (2005 - 2019)

The Faculty Research Awards Program aimed to recognize and support world-class faculty pursuing cutting-edge research in areas of mutual interest. In 2019 we deprecated this program, in order to diversify our efforts across a larger community, focusing on early career faculty and faculty working on positive societal initiatives. Below you can find all the FRA recipients funded from 2005 to 2019.

Birzeit University  
West bank, Palestine, Bir Zayt

Dear Professor Mustafa Jarrar,

As part of Google's growing efforts to support excellent research in academia, we are pleased, effective February 1, 2016, to award the Birzeit University an unrestricted gift of \$51,040.00 USD. We understand the Birzeit University currently intends to use this gift to support "Arrab: a Large-Scale Arabic Lexicon as an Integration of Arabic Dictionaries".

This is an unrestricted gift; however, we would appreciate receiving news of the professors' activities in a mutually agreeable manner, through copies of reports, publications, status letters, etc. and we would appreciate receiving attribution or acknowledgment of our gift in applicable University publications. It is our hope that the researcher(s) will consider releasing any code or data from the project under an open source permissive license such as the Apache license, and that the researcher(s) will consider regularly and openly sharing project research with the larger research community. In addition, Google would like to conduct annual reviews to measure progress of the program. Please be advised that nothing in this letter should be interpreted or construed as creating or establishing the relationship of employer or employee between the researchers and Google.

Please have an authorized individual of the Birzeit University sign in the space provided below to evidence the Birzeit University's acceptance of this gift, and return this page to us at the following:

Google Inc.

Or via email to: awards-payments@google.com

Educational institutions may have ethics rules that apply. By signing below, the Birzeit University represents that accepting this gift is consistent with all applicable laws and regulations, including relevant ethics rules and laws, and this gift will not negatively impact Google's current or future ability to do business with the Birzeit University.
